

Information Item	Enrolments now open for New Zealand Certificate in Cranes (Level 3 and 4)
Sponsor	CEO / Editor
Date	March 2020

We've recently made some changes to the crane qualification to make sure it's up to date and the best it can be. With the construction boom in full force, these changes have improved the qualification at a time where New Zealand needs more crane operators.

We have been working closely with the crane industry through CANZ, and subject matter experts to develop the level 3 and 4 Units Standards and related programmes and strands.

We can confirm that the NZ Certificate in Cranes (Level 3) with strands and the New Zealand Certificate in Cranes (Level 4) qualification is now available.

The Level 4 qualification will enable trainees to work in specialist crane operator or advanced dogman roles.

The available strands are:

- Advanced Dogman
- Crawler Crane
- Mini Crane
- Mobile Crane
- Non-Slewing Articulated Crane
- Tower Crane

The training normally takes around nine months, depending on the strand chosen.

For more information on how to sign up, please contact your Skills Account Manager or call us on 0508 SKILLS (0508 754 557).
